

DIRECTOR'S MESSAGE

Welcome to Campus Nursery School...

"Children are living beings- more living than people who have built shells of habit around themselves. Therefore, it is absolutely necessary for their mental health and development that they should not have 'mere school' for their lessons, but a world whose guiding spirit is personal".

- Rabindranath Tagore

May I take this opportunity to welcome you and your family to our school community. We hope this will be the beginning of a long and happy association with Campus Nursery School. We acknowledge that you, the parents, are the first educators of your child and continue to serve as an integral component of your child's development. As we work together for the education and overall development of your child, it becomes imperative that we strive to attain mutual support & co-operation. The school staff is committed to achieve excellence through a collaborative approach and celebrate uniqueness of each child. This provides a platform that allows children to learn together to achieve their personal best in a united and caring environment.

The challenge raised by COVID-19, due to which children could not physically attend the school, was very well accepted by our teachers. Their commitment to learn and update themselves to newer technologies together with the creative efforts made the online learning very interesting for children in the pandemic situation as well. I look forward to journeying with you and sharing the task of bringing children to a level of greater knowledge of themselves and their world.

DR. PARUL MITTAL
Director
Campus Nursery School

**“If a child cannot learn in the way we teach,
we must teach in a way the child can learn.”**
